Rolo Pretzel Turtles Recipe

a simple version of a 'turtle'.

Pecan halves Mini Pretzels and Rolo chocolate candies

Preheat your oven to 350F OR use the microwave to melt the candies

Unwrap your Rolos - try not to eat all of them. Place pretzels on the baking sheet in one layer. Top each pretzel with a Rolo. Bake for 3 to 5 minutes, until the chocolate begins to melt. The Rolo candy should be soft but not completely melted. Remove from oven, carefully use a spatula to lift the pretzels on cooling rack and immediately squish the Rolo Candy with a pecan half. Watch the caramel ooze out! Enjoy!

The 2011 pecan sale will begin soon. We alumnae sell the fresh, mammoth, shelled pecan halves that arrive in early November in one pound bags. Our selling price will be at least \$8.00 a bag this year, perhaps more if our cost from the grower increases.

Since 2004, our proceeds have been given to the Council for Extended Care, now known as Sunnyhill, Inc., an agency that serves individuals with developmental disabilities. In May, the agency received a generous check from our 2010 sale.

Thanks to each of you who so willingly either work on the committee, are pick-up station captains, or just gracious salespersons!

Please start taking advance orders now. Refer to the current list of pick-up station captains for your nearest contact and try the following recipes!
